

RKW12-18

FEATURES

- 5/8" high grade MDF veneer wood construction
- Low gloss finish
- 18" depth fits most audio visual equipment
- 12 and 16RU heights perfect for under counter and lectern applications
- Cam lock style assembly method (all hardware included)
- One pair 11 gauge rack rails included

APPLICATIONS

The Atlas Sound RKW Series of wood racks are ideal for mounting A/V equipment in offices and boardrooms, where a conventional steel enclosure will not "fit" the room décor. The RKW Series will fit into most lecterns as a convenient way to house and protect presentation equipment.

GENERAL DESCRIPTION

The RKW wood racks are shipped completely un-assembled for ease of storage and lower shipping costs. The assembly tool is supplied as part of the hardware package enabling fast assembly and setup.

MODEL	HEIGHT	RACKING HEIGHT	DEPTH	WIDTH
RKW12-18	22.5"	21" (12RU)	18"	20.46"
RKW16-18	29.5"	28" (16RU)	18"	20.46"

ARCHITECT AND ENGINEER SPECIFICATIONS

The wood enclosure shall be Atlas Sound Model RKW12-18 and RKW16-18 or approved equal. Enclosure shall consist of top, bottom, and sides constructed of 5/8" MDF pre-drilled for field assembly. One pair 11 gauge tapped rack rails shall be included, along with all assembly hardware.
