The AS series of surface mount loudspeakers are designed to meet a broad range of demanding commercial applications. Whether the installation is a small café or a modern art museum, the AS series is up to the task. The wide range of sizes, colors, and mounting options allow freedom in design while providing aesthetic continuity within a project. Attention to every detail has produced a product line that not only looks the part but offers the performance to match. The line consists of 5 full range models (4", 5.25", 6.5", 8", and 10") and a single 10" subwoofer.

FEATURES

A variety of sizes offer options for all environments, while keeping the same voice and aesthetic continuity inside and out

Voiced for both spoken word and background music applications

Wide range of mounting options for even the most challenging spaces

All-weather and UV rated for premium indoor and outdoor performance
