

## SOFTWARE END USER LICENSE AGREEMENT

### WARRANTY NOTES

#### SOFTWARE LICENSE AGREEMENT AND LIMITED WARRANTY

THIS IS A LEGAL AGREEMENT BETWEEN THE USER AND INNOVATIVE ELECTRONIC DESIGNS ("AtlasIED") RELATING TO SOFTWARE AND DOCUMENTATION (COLLECTIVELY "SOFTWARE") PROVIDED WITH AtlasIED COMPONENTS ("PRODUCTS") OBTAINED FROM AtlasIED OR ITS AUTHORIZED CONTRACTORS. BY INSTALLING OR USING THE SOFTWARE, YOU ACKNOWLEDGE THAT YOU HAVE READ AND UNDERSTAND THIS LICENSE AND AGREE TO BE BOUND BY ITS TERMS.

#### License

In return for payment of the license fee, which is part of the price for the Products, and your agreement to abide by the terms of this License, AtlasIED grants to you a non-exclusive, nontransferable right to use the Software solely in connection with use of the Products. You may not copy the software except for archival or backup purposes. You acknowledge that AtlasIED is the sole owner of all rights in the software (including copyrights, patents, trademarks and other intellectual property rights), all copies, modifications, enhancements, and derivative works created therefrom, subject only to the license expressly granted herein. This license does not provide you with ownership of the software or a copy of it, but only a right of limited use.

#### Term

The Software License included with the purchase of the Products starts immediately upon the activation date of the license and expires one year later. The renewal provides access to releases, updates, and patches. If you need technical support and you do not have a current software license, the license must be reinstated prior to receiving technical support. Please see the "AtlasIED Software Licensing Program FAQ" on our website for more information or call 1-502-267-7436 during normal working hours M-F and select Customer Support.

#### Restrictions

You may not reverse engineer or assemble, decompile, decode or otherwise translate the Software. You shall not remove any copyright notice, or other proprietary or restrictive notice or legend contained or included in or on any Software or other material provided by AtlasIED, and you shall reproduce, copy and include all such information on all copies made, including such copies for archival or backup purposes. You shall use your best efforts to assist AtlasIED in identifying any use, copying or disclosure of any portion of the Software by any of your present or former personnel, contrary to the terms of this license.

#### Termination

You may terminate this license at any time. You are not entitled to a refund upon your termination. In addition to other available remedies, AtlasIED may, at its option, terminate this license if you fail to pay any fees due or fail to carry out any other obligation under this License. Upon termination, all accrued fees shall be immediately due and payable.

#### Law; Scope of Agreement

This license shall be governed by the laws of the Commonwealth of Kentucky as it applies to contracts made and performed in such state without giving effect to conflict of law rules. You consent to jurisdiction and venue in the Commonwealth of Kentucky, the courts in Jefferson County, Kentucky, and the U.S. District Court for the Western District of Kentucky in any proceeding arising out of, or relating to, this license or your use of the Software. If any term of this License is declared void or unenforceable by any court, such a declaration shall have no effect on the remaining terms hereof. No modification of this license shall be binding on AtlasIED unless expressly accepted in writing by AtlasIED, this license is the entire agreement concerning the Software between you and AtlasIED, and it supersedes any prior representation or understanding.

### WARRANTY NOTES

#### Endpoint Licenses

All network endpoint devices require either an IP or HD endpoint license to function with GCK. HD devices (i.e., Dante or CobraNet) require an HD endpoint license (HDEPL). All other network devices require an IP endpoint license (IPSE). Each license includes the first year of use. Beginning in year two, annual renewal licenses must be purchased (HDEPLM for HD devices and IPSEM for IP devices).

#### GLOBALCOM Controllers - (IP1xx, IP2xx Series and Customer-Supplied Servers)

- IP (IPSE) and HD (HDEPL) endpoint licenses must be purchased separately.
- IP (IPSEM), HD (HDEPLM), and GCK (GCK3-0M) licenses must be renewed annually.
