The Specification contained herein is designed to be an aid to the sound system designer. It is intended to be used as a tool for establishing the parameters of a sound system design. Every effort has been made to ensure the accuracy and reliability of the specification, drawings, bills of material, equipment counts and one line drawings. Atlas Sound L.P. and Mitek Corporation assumes no liability for any damages caused by inaccuracies in the calculations, predictions, data or documentation, or as a result of the failure of the products described in the documentation to function in a particular manner. Atlas Sound L.P. and Mitek Corporation make no warranty, expressed or implied, nor does the fact of the distribution of the specification documents constitute a warranty. It is the responsibility of the Engineer or Consultant to make the final judgment as to the validity and application of the specifications. All Rights Reserved. ©Atlas Sound 2016.
